No Change

Activities based teaching learning skills

Removal/as per wish of students to opt for dance and music, as it is interested based subject. If the student is not interested it's just the waste of time and money of the students .

Seperate classes as per language choice lot of time is wasted in the translation process and the syllabus lacks behind. Enrichment of vocabulary is hindered due to the same.

Overall opinion about the college

Very good

It's a very freely environment area,all staff are very helpful,all facility are available in our college,all are very good.

Good

Very good

Office staff is good but the new staff should be well prepared and knowledgeable. My money was lost due to miscommunication and I was asked to pay at the end of course due to the same mistake of the staff.

Better books (hardcopy and soft copy should be accessible to everyone free of cost). We are having big hall next to our building that can be used for Annual fest but most of the program was conducted in the classroom hall. Which does not developed us as teachers in management of hall and arrangements, managing decoration etc.

I hope this survey are ment to take noticable actions.

Thank you
