Open Ended Questions

What changes do you suggest for enrichment of the syllabus?

8 responses

Nothing

No...

Removal/as per wish of students to opt for dance and music, as it is interested based subject. If the student is not interested it's just the waste of time and money of the students .
Seperate classes as per language choice lot of time is wasted in the translation process and the syllabus lacks behind. Enrichment of vocabulary is hindered due to the same.

Need less theory n more digital approach

No

All are good

- 1) Better sitting arrangements as per the language preferences.
- 2) Availability of better sports and games equipment of the timetable talks about the sport.
- 3) Better coordination with the NGO's as they provide Lager exposure to the new teaching techniques.
- 4) Rating of the assignment should be based and clearly mentioned the reduction or increase the marks for better results and understanding.
- 5) Restrictions of the clothing should removed as this makes the atmosphere more orthodox and not progressive. Teaching of managing western and offical outfits to most of the girls more attention as we Teacher represent ourselves out of India and grooming should be done in all aspects.

More digitally equipped education, health n hygiene facilities

No more expectations

Good infrastructure of outside and good and clean garden

Always Provide water facilities for washroom

Excellent

It's a very freely environment area,all staff are very helpful,all facility are available in our college,all are very good.

The best clg. As ever.. These two year are the golden year of my life... Very inspirative people are there

Office staff is good but the new staff should be well prepared and knowledgeable. My money was lost due to miscommunication and I was asked to pay at the end of course due to the same mistake of the staff.

Better books (hardcopy and soft copy should be accessible to everyone free of cost).

We are having big hall next to our building that can be used for Annual fest but most of the program was conducted in the classroom hall. Which does not developed us as teachers in management of hall and arrangements, managing decoration etc.

I hope this survey are ment to take noticable actions.

Thank you
