

Women Empowerment Lecture Series

The Content-

'An enlightened woman is a source of infinite strength' is the motto of our University, so each program follows this motto. Apart from each activity our college has stated Women Empowerment Lecture Series since from two decades till to date. As Navratri is a period of worshipping Durga, Kali and Devi SarswatiSharda, College chooses this particular period for this lecture series and name given Women Empowerment Lecture Series. Our motto of this lecture series to empower our student teachers socially and emotionally by hearing inspiring stories of common women. Its our best practice since 2005. ChatrapatiShahu Charitable Trust Kolhapur donated some amount for this. Its our tradition that has been going on for more than 16 years. We plan lecture series to motivate women's

Goals-

1. To arrange various talks of eminent personalities on Success stories of women.
2. To empower student teachers emotionally to face the problems of future life.
3. To introduce the very common but strong women of the surrounding area.
4. To aware student teachers about women's constitutional and social rights in the family and society.

Practice-

Our planning of this lecture series starts before two months of Navratri. Along with discussion of the alumni association, student council college faculty decides speakers for this program. The speakers are chosen unanimously. The principal gives approval for these names. Then whole planning of the program is given to the students. This includes giving information about the program to the speakers, initial discussion with the speakers, requesting biodata, planning of actual day of the event, vote of thanks etc.

We keep varieties of subjects in this lecture series, but all lectures are organized with keeping woman at the center. We aware our student teachers about Health and diet, Social and constitutional rights, Stress management, Importance of Yoga , Special child and role of mother, Cyber law, Success stories of historical women, common women, Hidden talent and strength of women etc.

Through this lecture series we develop communication skill, build confidence and encourage our student teachers to become emotionally and mentally strong, aware them about their social, constitutional rights and ask them to live healthy and happy without stress. We give message that 'if there is a will there is a way' and 'enlightened yourself'. Here giving last four years speakers and their subjects
